

## SUBJECT INDEX FOR VOLUME 29

- abortion, demand in the U.K., 653-658  
and mortality in Bangladesh, 1121-1127  
and its definition, 1191-1198
- accessibility, to in-patient care in Kenya, 95-106
- accidents, on Tasmanian roads, 1003-1008
- acupuncture, 1057-1063
- adolescents, health beliefs and behaviour, 309-315
- Africa, and natural disasters, 357-367  
NGOs in the health field, 591-597
- Agent Orange, in Australia, 537-544
- AIDS, 265-292  
in Puerto Rico, 545-553  
in the Nordic countries, 577-586  
and female intravenous drug users, 1071-1076  
and leprosy, 1157-1162  
and the French press, 1235-1242  
and its metaphors, 1356-1357
- albinism, in Nigeria, 1129-1131
- alcoholism, in New Jersey, 729-732
- alternative medicine, and scientific medicine compared, 293-300, 301-307
- Andean countries, and medical systems, 487-496
- anomie, in psychiatric research, 627-634
- Arab-American, health care needs, 877-883
- arthritis, and self-management, 221-224
- asthma, and hypertension, 79-84
- Australia, and Agent Orange, 537-544
- Bamako Initiative, 479-486
- Bangladesh, and abortion, 1121-1127  
user fees and health care, 1199-1205  
community health services, 1343-1349
- Belgium, primary health care of migrants, 53-60
- bereavement, and disaster survival, 351-356
- biomedical research, social control of, 1-12
- Brazil, and faith healing, 515-526  
air pollution and respiratory problems, 959-964

breast feeding, in the developing world, 859-868  
brucellosis, in Saudi Arabia, 999-1001  
  
Canada, respiratory health in northern Quebec, 617-626  
     malnutrition among Cree Indians, 965-974  
cancer, and pesticides in Quebec, 819-833  
     and occupational disability, 1253-1259  
cancer patients, and social support, 635-642  
cancer rates, and other mortality patterns in French Polynesia, 913-922  
cardiovascular mortality, 869-876  
child health, growth and weaning practices, 13-22  
     centres, and self-care education, 205-212  
     and diagnosis, 769-778  
     and feeding patterns in the developing world, 859-868  
     air pollution in Brazil, 959-964  
     and preventive programmes in India, 991-997  
     and women's education in Kerala, 1299-1303  
     in Nigeria, 1333-1341  
children's health, the measurement of, 715-719  
chronic headache, and self-care, 213-219  
chronic illness, and the family, 1261-1269  
Chronic Obstructive Airways Disease (COAD), 609-616  
coccidioidomycosis, in Mexico, 1217-1227  
common cold, and system severity, 1243-1248  
communication, between doctor and patient, 1381-1385  
community health, a Nigerian case study, 933-938  
community health services, in Bangladesh, 1343-1349  
community health workers, in Sri Lanka, 599-608  
     in Burkina Faso, 1163-1174  
compliance, and leprosy, 799-811  
confidentiality, in medical practice, 1381-1385  
cot deaths, in Tasmania, 1015-1026  
cross-cultural psychiatry, among Hispanic groups in the U.S., 85-94  
culture, and the communication of distress, 563-575  
  
Denmark, self-care and the demand for care, 185-193  
dental practice, in the U.S.A., 695-703  
dentistry, and the problem of pain, 1183-1190  
dentists, and professional change, 753-760

- Diagnostic Related Groups (DRGs), 341-349
- dialysis, and psychosocial adjustment, 497-502
- diarrhoea, in India and Indonesia, 991-997  
among children in the Sudan, 1065-1070
- disability, and respiratory problems, 609-616  
among cancer patients, 1253-1259
- disease, diagnosis and treatment, 293-300  
concept of, 791-792  
classification and stigma, 1157-1162
- divorce, differential impact of, 743-751
- doctor-patient relations, 1381-1385
- drug advertising, 853-857
- drug use, and adolescents in Puerto Rico, 779-789
- drug utilisation, in Poland and Sweden, 1363-1366
- dysmenorrhoea, 163-169
- ecological upheaval, and health, 357-367
- elderly, patients and self-care, 171-183  
and health care, 445-454  
and predictions of longevity, 1271-1280
- England and Wales, and abortion demand, 653-658
- faith healing, in Brazil, 515-526
- family, and chronic illness, 1261-1269
- filariasis, in Madras, 983-990
- Finland, pregnancy and maternal behaviour, 1105-1109
- folk beliefs, and infant feeding, 13-22
- folk medicine, and lead poisoning in Mexico, 1373-1379
- gender differences, in self-care, 137-152  
in cardiovascular mortality, 869-876  
and self-assessed morbidity, 1243-1248
- general practice, the management of chronic headache, 213-219
- generational equity, in America, 377-383  
and justice, 385-394
- geology, trace elements and health, 923-926
- geriatric assessment, 939-942
- Germany, Nazi medicine and medical sociologists, 1319-1332

guinea worm, 1043–1049

health, and depression among widows, 659–667

health care, behaviour, 153-161  
perspectives, 341-349  
and user fees in Bangladesh, 1199-1205

health care utilisation, in rural Bangladesh. 1343-1349

health information, in rural Ghana, 1133-1140

health policy, management, 503-514

health promotion, and self-care, 125–130  
and the young, 309–325  
and relativism, 1281–1288

health services, their financing, 35-42  
a demand in French Polynesia, 943-951

health status, measurement, 761-768

heart disease, in Norway, 907-911  
in Norway, 1027-1033  
and Type A behaviour in West Germany, 1367-1372  
risk and social support, 1387-1392

Hispanic health, 85–94

home care, 245-252

homicide, and suicide, 1252-1265

hypertension, and religion, 69–78  
and asthma, 79–84  
in Japan, 1035–1042

immunisation, in India, 1091-1098

India, and the management of pneumonia, 975-982  
filariases and prevention programmes, 983-990  
vaccination programmes, 1091-1098  
women's education and child health in Kerala, 1299-1303  
nutritional policy, 1393-1399

**Indonesia**, maternal beliefs about infant feeding, 13-22  
and the management of pneumonia, 975-982  
and diarrhoeal disease in children, 991-996

inequalities, in health, 369-376  
infant mortality, in Mexico, 677-679  
     in Nigeria, 1333-1341  
     in Spain, 1351-1362  
Israel, and self-care, 233-244  
Italy, air pollution and asbestos, 1009-1014  
  
Japan, and stroke mortality, 1035-1042  
justice, across the generations, 385-394  
  
Kenya, hospital catchments in, 95-106  
  
labour pain, 585-588  
Lao, health beliefs and behaviours in, 845-852  
lead poisoning, in Mexico, 1373-1379  
leprosy, culture and compliance in Pakistan, 799-811  
life events, their differential variation, 743-752  
life-style, gender and self-care, 137-152  
  
malnutrition, in northern Quebec, 965-974  
     and child diarrhoea in the Sudan, 1065-1070  
medical geography, 905-1042  
medical sociology, Nazi medicine in Germany, 1319-1332  
medical students, and the concept of disease, 791-792  
medical systems, in Andean countries, 487-496  
medicine, and the patient, 721-728  
mental health, and culture, 327-339  
     aging, 1175-1181  
methodological problems, and the study of AIDS, 265-292  
Mexico, infant mortality and health care, 677-679  
     and valley fever, 1217-1227  
     folk medicine and lead poisoning, 1373-1379  
migration, and utilisation of primary health care, 53-60  
mortality patterns, in New York City, 885-889  
mother and child health, and guinea worm, 1043-1049  
multiple sclerosis, and self-esteem, 793-798

- Nepal, obstetric practices in, 43-52  
 medical profession, 669-675
- New Jersey, premature mortality and alcoholism, 729-732
- New York City, mortality patterns among migrants, 885-889
- NGOs, 395-402, 591-597
- Nigeria, rural health programme in, 933-938  
 psychological aspects of albinism, 1129-1131  
 child health and child care, 1333-1341
- Nordic countries, and AIDS, 577-584
- Norway, nutritional policy compared to U.S., 413-423  
 and heart disease, 901-907  
 the diffusion of cardiovascular disease, 1027-1033
- nursing, in Thailand, 643-652
- nursing home care, 527-536
- nutrition, in American Hispanic groups, 85-94  
 and health, 413-423  
 in India, 1393-1399
- obstetric practices, in Nepal, 43-52
- occupational health, 733-742
- oral health, and smoking, 835-844
- pain, experience and treatment, 425-434  
 schools of thought, 435-444  
 and the dentist, 1183-1190
- Pakistan, compliance among leprosy patients, 799-811
- parasitic infections, transmission and control, 403-411
- patient care, and the psychosocial training of nurses, 527-536
- patient-doctor relations, in Nepal, 669-675
- pesticides, and cancer, 819-833
- pharmaceuticals, availability in sub-Saharan Africa, 479-486
- physicians' attitudes, to the medical care system in Sweden, 1207-1216
- pneumonia, in India and Indonesia, 975-982
- Poland, diabetes and social functioning, 681  
 and Sweden, compared in drug utilisation, 1363-1366
- pollution, and respiratory problems in Brazil, 959-964  
 in Rome, 1009-1013
- Polynesia, disease mapping in 913-922  
 health levels, services and demand, 943-951
- prenatal health education, in Finland, 1105-1109

prescription drugs, 853-857  
primary health care, among migrants in Belgium, 53-60  
     and community health workers in West Africa, 1163-1174  
private medicine, and willingness to pay, 35-42  
professional behaviour, and methods of reimbursement, 455-462  
psychiatry, and psychiatric disorders, 327-339  
psychosomatic illness, 61-67  
psychosomatic symptoms, among adolescents, 1051-1056  
psychotoxicology, and psychiatry, 1077-1082  
Puerto Rico, and AIDS, 545-553  
Punjabi, models of stress, 563-575  
  
QALYs, problems in research, 463-477  
Quebec, cancer and pesticides, 819-833  
  
refugees, and health behaviour, 845-852  
rehabilitation, and the family in head injury cases, 555-561  
religion, and hypertension, 66-78  
respiratory health, and acculturation, 617-626  
respiratory illness, 609-616  
rural health, and child care in Zimbabwe, 927-932  
  
Saudi Arabia, and brucellosis, 999-1001  
self-assessed morbidity, 1243-1248  
self-care, in health, 117-262  
self-esteem, and multiple sclerosis, 793-798  
self-help groups, 225-232  
smoking, among boys and girls, 813-818  
     and periodontal disease, 835-844  
     and parental influence, 891-894  
     a study among twins, 1083-1089  
social behaviour, and trachoma, 23-34  
social control, of research, 1-12  
social support, among adolescents, 1051-1056  
     its measurement, 1387-1392  
sociology, of hospitals in West Germany, 107-108

- socio-medical indicators, 705-714
- South Africa, spinal cord injury and state violence, 1147-1155
- Spain, infant mortality in, 1351-1362
- Sri Lanka, and community health programmes, 599-608  
traditional medicine, 1111-1119
- statistics, analysis of complex health data, 253-258
- stress, and office workers, 733-742
- stroke mortality, in Japan, 1035-1042
- structural functionalism, and symbolic interactionism in medicine, 721-728
- Sudan, child diarrhoea in, 1065-1070
- suicide, and homicide, 1249-1252
- Swaziland, primary health care, 1099-1104
- Sweden, work and the medical care system, 1207-1216  
and Poland, compared in drug utilisation, 1363-1366
- Tasmania, and the Hobart typhoid epidemic, 953-958  
and motor cycle accidents, 1003-1008  
sudden infant death syndrome, 1015-1026
- Thailand, development of nursing, 643-652
- trachoma, social factors and, 23-34
- traditional medicine, and modern obstetric practices in Nepal, 43-52  
in Andean countries, 487-496  
in rural Zimbabwe, 927-932  
the case of acupuncture, 1051-1063  
in Swaziland, 1099-1104  
and changing demands in Sri Lanka, 1111-1119
- treatment, and patient perceptions, 1289-1297
- typhoid, the Hobart epidemic, 953-958, 1887-1888
- United States, self-care movement, 195-204  
and generational equity, 377-383  
nutritional policy compared to Norway, 413-423  
and dental practises, 695-703  
definitions of abortion, 1191-1198
- violence, in South Africa, 1147-1155
- West Germany, sociology of hospitals in, 107-108  
behaviour and heart disease, 1367-1372
- women's health, and AIDS, 1071-1076  
and abortion in the United States, 1191-1198
- Zimbabwe, health in rural communities, 927-932
